Higher Education

Andrews Hooper Pavlik PLC (AHP) provides a wide range of services to institutions of higher education throughout the state of Michigan. We have experience delivering internal and/or external audit services to many of Michigan's ten public educational institutions included in Michigan's Comprehensive Annual Financial Report (CAFR). We also have experience serving private post-secondary education institutions and have significant experience with Michigan community colleges, universities, and school districts. Our services are customized to address your specific financial and compliance needs, and to assist you in achieving your reporting objectives.

In accordance with Government Auditing Standards, we successfully completed our most recent peer review and received a peer review rating of pass – the highest level. This report is on public file at the AICPA.

Industry Involvement

To ensure ongoing, timely, and accurate information regarding issues faced by our governmental and not-for-profit clients, in addition to being members of NACUBO, we subscribe to several industry publications and have direct access to Department of Education publications and current newsletters affecting a wide range of topics, including federal financial awards, Title IV financial aid, and government standards.
